CARRER OBJECTIVE

- Aspiring System Engineer with a basic foundation in programming, networking, problem-solving and technical troubleshooting aiming an entry level role , with a keen interest in automation and problem-solving.
- Dedicated problem-solver focused on delivering high quality,scalable software solutions

SKILLS

- Programming Languages: Java, Python ,SQL
- Frameworks: FastAPI, React.js
- Databases : PostgreSQL , MySQL.
- Tools & technologies : Git(basics) , command line Interface(CLI).
- Core competencies : LLM Applications and RAG.
- Testing & Tools : selenium IDE , Git

PROJECTS

SOC Automation using ML and deceptional detection system

- Log automation using ML and LLM -RAG-Based threat analysis and response automation mechanisms and implemented semantic search using FAISS vector database foe efficient log retrieval in context aware systems.
- Reduced manual effort in analyzing security logs.

Retail shelf monitoring

- Developed IoT-based system to monitor stock levels-Used sensors to track inventory in real-time.
- This project is based on IOT and it monitor the stock allotment in the shop.

EDUCATION

Higher studies

- B.E. Computer Science and Engineering 2022- 2026
AVC College Of Engineering| CGPA :7.1

Secondary Education

- HSC - Raj Matric Hr. Sec. School| 81.5% 2021- 2022
- SSLC-Raj Matric Hr.Sec. School| 66.6% 2019- 2020

CURRICULAR

Full stack dev Intern | HOP Technologies

- Developed scalable full-stack applications using Java Spring Boot, React, and PostgreSQL.
- Attended various workshops and presented papers at college events.

EXTRA CURRICULAR

NCC volenteer

- Actively participated in the All India Trek Camp (AITC) 2024 (as a Cadet under officer), contributing to teamwork, leadership, and community service.

State level powerlifting player

- Completed at the state level Power lifting(2021)

Sports enthusiast

SOFT SKILLS

- Adaptability
- Team work
- logical Thinking
- Effective Communication

Languages

- Tamil
- English

CERTIFICATIONS

- IBM SkillsBuild Cyber Security Certification - Advanced IT Skills Program (Grade A+).
